Lusk

Standardized

Universal

The Swiftest System of Writing in the World

MOST MARVELOUS INVENTION OF MODERN TIMES

FASTER THAN ANY SPEAKER CAN ARTICULATE

Twice as rapid as the swiftest Pitman; four times as rapid as the swiftest non-Pitman. Only
text books ever published that enable every stenographer to take dictation faster than
any person can talk, pass any civil service examination held, but also take the swiftest public
speakers or become court reporters. Lusk stenographers take 200 to 300 words a minute easier
than old-style stenographers. The Lusk stenographer can record almost any frequently occurring
phrase in the English language two to four times while old-style stenographers are recording it.
Lusk stenographers know absolutely nothing about shorthand and are taught the swift expedients used
by United States Senate Reporters, court reporters and by 90% of the verbatim reporters of the
country. Lusk stenographers are taught to take letters in the briefest, repeating style at a minute after
5 lessons. Beginners in Lusk books can write faster, after a few weeks, than graduates can
write who have finished a course in books teaching from old-style text books. Lusk books will
accomplish for a stenographer in a few months what formerly required years attending "speed
classes." Correspondence and personal courses for the best results. Lusk books are sold by
Agency for teaching Lusk method offered shorthand teachers and schools in territory not already
covered. Stenographers unaware of the wonderful improvements made in Pitman shorthand
the past year by the Lusk books, send for Demonstration Letter and specimens.
